[Approved by Governor October 8, 2007. Filed with
Secretary of State October 8, 2007.]

LEGISLATIVE COUNSEL'S DIGEST

SB 901, Padilla. State teachers' retirement: postretirement earnings.

(1) The State Teachers' Retirement Law limits the amount of postretirement compensation that may be earned in specified types of employment by a retired member of the Defined Benefit Program without a reduction in the retirement benefits of the member. That law, operative until January 1, 2008, provides exemptions from this limit and specifies that the limitation provisions do not apply to either compensation earned by a member retired for service who has returned to work after retirement and, for at least 12 consecutive months, has not performed specified activities or compensation earned for the performance of activities for which the employer is not able to receive state apportionment or to compensation that is not creditable, as specified.

This bill would extend the operation of both these provisions until June 30, 2009, and extend the provisions related to an exemption based upon the employer not being able to receive state apportionment or to compensation that is not creditable indefinitely.

(2) Under that law, operative until January 1, 2008, the service retirement allowance of a retired member of the Defined Benefit Program is exempt from a reduction if the retired member is appointed as a trustee or administrator by the Superintendent of Public Instruction for a maximum period of 2 years, as specified. That law also exempts from the earnings limitation, until January 1, 2008, any specified types of service performed by members who retired for service on or before January 1, 2004, if certain conditions are met.

This bill would extend these provisions until June 30, 2009. The bill would instead provide that specified types of service performed by members who retired for service with an effective date on or before January 1, 2006, are exempt from the earnings limitation, if certain conditions are met.

(3) That law further exempts from the earnings limitation compensation received by a retired member providing direct remedial instruction, as specified, if that retired member retired on or before January 1, 2004. That law requires a school district that employs the retired member to submit

documentation to the retirement system that substantiates the eligibility of the retired member for temporary employment under these provisions.

This bill would provide that the compensation received by a retired member providing direct remedial instruction, who retired for service with an effective date on or before January 1, 2006, shall be exempt from the earning limitation only until June 30, 2009. This bill would additionally require a school district that employs the retired member to submit the documentation for eligibility on a properly executed form provided by the retirement system.

(4) This bill would also make technical, nonsubstantive changes to these provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 24214 of the Education Code, as amended by Section 28 of Chapter 655 of the Statutes of 2006, is amended to read:

24214. (a) A member retired for service under this part may perform the activities identified in subdivision (a) or (b) of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system, but the member may not make contributions to the retirement fund or accrue service credit based on compensation earned from that service. The employer shall maintain accurate records of the earnings of the retired member and report those earnings monthly to the system and retired member as described in Section 22461.

(b) If a member is retired for service under this part, the rate of pay for service performed by that member as an employee of the employer, as an employee of a third party, or as an independent contractor may not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties.

(c) A member retired for service under this part may not be required to reinstate for performing the activities identified in subdivision (a) or (b) of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system.

(d) A member retired for service under this part may earn compensation for performing activities identified in subdivision (a) or (b) of Section 22119.5 in any one school year up to the limitation specified in subdivision (f) as an employee of an employer, as an employee of a third party, or an independent contractor, within the California public school system, without a reduction in his or her retirement allowance.

(e) (1) The postretirement compensation limitation provisions set forth in this section are not applicable to compensation earned by a member retired for service under this part who has returned to work after the date of retirement and, for a period of at least 12 consecutive months, has not performed the activities identified in subdivision (a) or (b) of Section 22119.5

as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system. For the purpose of this paragraph, the period of 12 consecutive months begins from the effective date of the member's most recent retirement.

(2) The postretirement compensation limitation provisions set forth in this section are not applicable to compensation earned for the performance of the activities described in subdivision (a) for which the employer is not eligible to receive state apportionment or to compensation that is not creditable pursuant to Section 22119.2.

(f) The limitation that shall apply to the compensation for performance of the activities identified in subdivision (a) or (b) of Section 22119.5 by a member retired for service under this part either as an employee of an employer, an employee of a third party, or as an independent contractor shall, in any one school year, be an amount calculated by the board each July 1 equal to twenty-two thousand dollars (\$22,000) adjusted by the percentage change in the average compensation earnable of active members of the Defined Benefit Program, as determined by the system, from the 1998–99 fiscal year to the fiscal year ending in the previous calendar year.

(g) If a member retired for service under this part earns compensation for performing activities identified in subdivision (a) or (b) of Section 22119.5 in excess of the limitation specified in subdivision (f), as an employee of an employer, as an employee of a third party, or as an independent contractor, within the California public school system, and if that compensation is not exempt from that limitation under subdivision (e) or any other provisions of law, the member's retirement allowance shall be reduced by the amount of the excess compensation. The amount of the reduction may be equal to the monthly allowance payable but shall not exceed the amount of the annual allowance payable under this part for the fiscal year in which the excess compensation was earned.

(h) The amendments to this section enacted during the 1995–96 Regular Session shall be deemed to have become operative on July 1, 1996.

(i) This section shall remain in effect only until June 30, 2009, and shall be repealed on January 1, 2010, unless a later enacted statute deletes or extends that date.

The employer shall maintain accurate records of the earnings of the retired member and report those earnings monthly to the system and retired member as described in Section 22461.

(b) If a member is retired for service under this part, the rate of pay for service performed by that member as an employee of the employer, as an

employee of a third party, or as an independent contractor within the California public school system may not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties.
